

RT Texas Summer SAT Intensive — Student Welcome

Subject: Your RT Texas summer is set — start with a 20-minute diagnostic

Hey [Student first name],

You're in. The **RT Texas Summer SAT Intensive** runs June 15 – August 7, prepping you for the **August 22 Digital SAT**.

Before in-person classes start, you have one thing to do at home — and it should take about 20 minutes.

Step 1 — Sign in to the platform (today or tomorrow)

Click here: **[RT PREP & IPE platform link]**

You'll be asked for your grade, exam (DSAT), test date (August 22, 2026), and target score. Three minutes, max.

Step 2 — Take the diagnostic (any time before June 14)

It's **16 adaptive questions** — the platform adjusts difficulty as you answer. You'll get your starting score and a personalized 8-week plan immediately after.

It's not a test you can fail. It's the platform learning your weak spots so class time isn't wasted on Rules you already know.

Step 3 — Show up June 15

First class is Monday, June 15 at [time, location].

What summer looks like for you

- **3 days a week, 2 hours each.** Mon = Math drill + lecture. Wed = R&W. Fri = mock exam or mixed review.
 - **No homework drilling.** Off-days you watch a cheatsheet PDF or audio lesson — about 30 minutes. All problem-solving happens in class.
 - **4 full Digital SATs** over the 8 weeks. By test day, you've already done this 4 times.
 - **A personalized 6-page packet** at the end — your exact weak Rules, ready for the two-week stretch before August 22.
-

What you'll need

- Laptop or iPad (Bluebook-compatible). Bring it to every class.
 - Headphones for R&W audio lessons.
 - Reliable Wi-Fi at home for cheatsheet review.
-

Questions?

- **About classes:** [RT Texas contact email / phone]
- **About the platform:** daniel.kim@ivypath.ai

See you June 15.
